

Sutton St James Pre-School

Our Mission Statement

At Sutton St James Pre-School we provide a caring, secure and happy environment which enables all our children to develop and thrive in all areas of their learning journey.

What have we been learning

What a wonderful time we have had touring the world during our "All around the world topic" this term.

We have continued to learn so much about so many different countries including, Australia where we built Sydney opera house and performed our wonderful music concert there, we surfed in the sea and even went fishing in the great barrier reef! We also celebrated St Patrick's day creating our very own "lucky Irish jars" which helped us to learn all about floating and sinking as well as cheeky Leprechauns!

We then had an out of this world experience in space! We built space rockets and flew to the moon where we "ate lots of cheese!" We created our own planets and even gave them names such as "heart planet" "chocolate land planet" and even "unicorn planet!" you will be able to see these wonderful creations hanging in the windows! We are absolutely blown away with how much your amazing children have learnt about this topic and Author Anya said how wonderful the children's space knowledge was when she read her "Ollie the Alien" story to them. We could burst with pride!

Next term we will be exploring "Changing and growing" beginning with our journey back in time to the land of the Dinosaurs which we are so excited about. it will be totally roarsome!!
